DETAILED ACTION

Reasons for Allowance

Applicants' amendments and remarks submitted April 2, 2004 are persuasive to overcome the rejections set forth in the prior office action. Specifically, with respect to the rejections under 35 U.S.C. 112, second paragraph, as applicants argued, that the formula employed herein for the polymeric radical are conventionally employed in the art without confusion. The terminal groups would be those well-known for the silicon moieties in the art at the time the invention was made. Further, the claims, as amended, are limited to cosmetic compositions suitable for applying to live human skin and hair. The cited prior arts do not provide sufficient teaching, suggestion or motivation to arrive the claimed composition.
